

# Tyres

Buying new tyres isn't just a matter of popping down to the local garage and throwing on the cheapest set you can find. Having good quality tyres on your car you improve not only the safety of your vehicle, but its fuel efficiency as well.

**Don't** wait until  
you can see  
the cord...

Firestone    Pirelli    Dunlop    Bridgestone  
Goodyear    Michelin

With such a selection of quality manufacturers producing such a huge range of tyres, there's guaranteed to be tyres that suit every requirement, no matter what kind of vehicle you drive.
